Yeeehaaaar my best cheque from Kleeneze to date. All thanks to an absolutely brilliant team and a brilliant company.

I started Kleeneze working around a full time job and after my first 4 weeks had made £217. I knew the business worked and that I could help others make money too. 9 months later I was earning over £1000+ per month part time and a free 5 star trip to Montecarlo. I left work when I was 5 months pregnant and took lots of time off to be a mum and still the royalty income dropped into my bank account.

I'm a single parent working from home!!!! I work part time flexible hours around my son Max.
I've never missed a moment of his life.

My big goal this year was to have a £3500 monthly income by this month (Period 12 2011).It's near enough for me!! :)

AND YOU CAN!!**

Step up & C'mon the team.
