

Chris Spike & Clare Sillett

Landscape Gardener & Emergency Department Receptionist

We got started with Kleeneze in June 2009, Chris was made redundant from his job as a Plant Operator in April and I was on maternity leave, after having our second daughter in May.

Like many people, we'd been living beyond our means for a while; savings had dwindled away just to keep a roof over our heads. As there was a lack of work for Chris, he decided to start up his own business as a Garden Landscaper & Mini Digger Hire, work was coming in for him steadily.

We needed something that would bring in the extra cash we so desperately needed.

Kleeneze gave us the **ideal opportunity** to be able to **earn extra money**, whilst working around Chris' new business and the children!

There didn't seem to be any way out for us! With bills mounting up quicker than work was coming in, Kleeneze provided the answer we were looking for!

Kleeneze enables us to spend more quality time together as a family, and we are looking forward to the future we can create for our beautiful little girls and ourselves.

In our 1st month we earned an amazing £255 taking us into profit and making a significant dent in our bills. We never imagined what it could lead to....!
