

Dean Worrall & Samantha Rushton

Full time Kleeneze Agent and Student.

We started Kleeneze in March 2007 whilst we were both at university, we wanted to earn ourselves some extra money and Kleeneze was the only thing we found that provided us with the flexibility to fit around our studies whilst allowing us to spend more time together. We found it very simple and easy to do and we earned over £200 in our first four weeks.

In October 2007 we moved to York and as there are no fixed territories, we were able to build a new business in our new location. Sam was still at university and Dean worked at the Railway Museum, however after several months Dean was bored and fed up of his job and we decided to go full time in Kleeneze and within a month, we had more than replaced Dean's income from his job! This truly amazed us and we began to see that our future belongs with Kleeneze.

With the help and support of a great team we put a plan in place and achieved our goal in April 2009 with a turnover of over £9000 which gave us a cheque of just over £2000! The satisfaction from this drives us on further as with this business, the sky really is the limit!
