

After what can only be called a shattering 2008 our mortgage business took a nose dive along with the whole country and the whole financial secure. We were on the edge, in fact you might say we had fallen of the edge and were in total free fall. We were no longer getting as much business and it was becoming harder and harder to place the business that we did get.

So both Vicki and I decided that we had to do something, we had to find another income from somewhere. So with great reluctance the first place we turned to was Vicki's qualifications as a nursery nurse, we discussed it and worked out that she could get a job while I stayed home and tried to make the failing mortgage business make us something to add to what she would be bringing in from going to work fulltime in a nursery. Unfortunately this meant that Vicki would be seeing less of our two boys and she and I hated this.

With the birth of Leo our second child, all bets were most defiantly off, now not even Vicki's qualifications could help us we were stumped, so we decided to try and plough on with the mortgage business but it was like flogging a dead horse. By the start of 2010 it was clear that we needed something and fast, we searched and searched and found nothing until one day my dad told me that he was going to join Kleeneze, well I just laughed at him and told him that it was useless a total waste of time, how wrong was I!

With this firmly in mind and with the opinion that it was rubbish I went along with my dad to a call night at Tracey and Harvey's and well let's just say that it blew my mind. I was totally sold and from that night onward we haven't looked back. We are so excited about our future with Kleeneze and the opportunity that it is giving us to secure our financial future.

Kleeneze is such a great business, it is giving us the time and the freedom to enjoy our two children and at the same time allowing us to build a great business while still being able to spend quality time together as a family. We are so excited that at last we have found a business that we can do together and with our family and that is allowing us to secure an income not just for now but for life. We have no doubt that with the support of the great group that we have the pleasure of being apart of and with the support of the whole Kleeneze family we will have been given another opportunity to get back the lifestyle that we lost and continue to expand our dreams and our goals in the future and to reach for the star's!
