*Like most of us, we were looking for something to help with the increasing costs of just everyday living, and finding extra income had become something we wanted to look at seriously.*

*Time has always been an issue, Glenn works away from home 5 days a week, so finding something we could do around our already busy lives was proving difficult, but the flexibility of Kleeneze, gave us the opportunity to control our income, without disrupting quality time as a family.*

*As you can see to our surprise & delight we are able to show our Kleeneze cheque, when we joined Kleeneze our 1<sup>st</sup> cheque was £226 just two weeks into the business.*

*Everybody that we have come into contact with have been so very supportive, which is so important when starting out on a new venture, so thank you all, We would also like to end by saying..... You can get what YOU want from this opportunity..... It's up to you.... !!!!*

*Glenn no longer works in London, the future is looking very bright.... We are so excited about building our business and enjoying our future...*

*Don't let doubt stop you.... Mel & Glenn ☺*

*Ps ..... We've never Missed one of RobnRays Sheffield Seminars*
