

Richard & Tracey Ford

My wife & I work our Kleeneze business part-time around our 2 children, Ashley 2 & Mark who is 3. I had been unemployed for a while & was looking for work but was struggling to find something that would work around the family, especially as our son Ashley had been diagnosed with a rare genetic disorder & we were in and out of hospital all the time.

Tracey Payne kept coming to see her dad (my neighbor) & I heard her talking about Kleeneze a lot, I was interested but very skeptical. My mind changed when Tracey's dad said he had got started & I could see his results coming in. I decided to try it for myself

We started building a good customer base. We had the usual challenges of other distributors in the area. We were advised to carry on anyway. We now have a growing business with some wonderful customers.
