

**Sue Burras is a HOUSE WIFE & Gran with Children & Horses Geoff is FULL TIME ELECTRONICS ENGINEER in the Merchant Navy**

I got started just to earn an extra £50 per week to help finance our family hobby. I am very busy with 6 horses/ponies between us, our children and grandchildren, plus another 5 horses to look after daily at our Stud. I did not want to be at work all day for a boss and have to pay for child minders... This fit around the 2 young children and Geoff's work commitments away for 6 weeks at a time working on a ship at sea building oil rigs. This has given us quality time together when he is home.

We got to see all the school plays the children were in and now we are available to look after grandchildren anytime.

Working the business around horses and family commitments, For the past 10yrs we have been earning just as much as Geoff's day job. I left school at 15yrs old and do not have any qualifications. To be sceptical is healthy and natural, but **Belief** is a big thing and you will find people believe in your ability to achieve these results too with the right attitude.....

**Even if you could earn £1,000 a month part time. Would that help you right now.? Why not give it a go!!**

This flexible income has enabled us, in Jan 2005, to have a 5 bedroom, 3 bathroom, villa built on a 9 acre golf course at the exclusive Pallasides Country Golf club in Florida which is only 30 minutes away from the Disney Attractions! We wanted the villa so our parents & family could have as many holidays in the sun, during the winter months, as they wanted. While they were fit and able to travel and enjoy life, we are now looking at buying our 3<sup>rd</sup> property with 12 stables & an indoor arena. Our aim is to help as many people in the team as possible to earn monthly cheques like these below.

We have enjoyed many Free 5\* International Conferences with Kleeneze to Australia, Rome & South Africa and now we have the freedom to holiday anywhere anytime. I have no previous experience Network Marketing. If we can you can too....
