

## Tracey Payne & Harvey Kent

I joined Kleeneze as a way of topping up my maternity pay. I made £273 in my first 4 weeks, working flexible hours around my 2 children. Harvey was working as a Senior Supervisor for DHL and joined Kleeneze to help pay some extra bills. Harvey has twin girls and made £233 in his first 4 weeks.

We met through Kleeneze and started running our business together in June 09.

Kleeneze has given us the time freedom to enjoy our 4 children, and to enable us both to be there for all of their events and special occasions, whilst still allowing us to secure an amazing income.
