

Malcolm & Jennifer Warden

Jennifer & I have been married for 33 years and have 4 grown up children, with 2 grand-children and we have also adopted 4 more children with special needs. I have spent the past 15 years as a Computer Programmer and Jennifer spent 25 years as a Child-minder; more recently fostering until we adopted the 4 boys.

My pension was not going to give us the amount we needed to retire on. We have been looking for something extra for a long time; what we found was they all were costing us more than we made. I came across Kleeneze from a Flyer through the door. I liked the "No Risk, No Selling & No Experience" concept, so I answered the ad and attended my first Kleeneze meeting.

We started very part time around our 4 children, Scouting and London Marathon training and earned £225 in the first month. We have been building the business steadily and achieved a team turnover of just under £9000 last month with the reward of this income cheque and reached Step 3 and GOLD !!!!!

This also means that we are now in qualification for a FREE luxury, all expenses paid, trip to Vienna.

The Certificate of Income shown below is the official Kleeneze payment for the 4 - week period number 200807

Date: <u>10/07/2008</u>					
PAY: <u>MR M & MRS J WARDEN</u>
